Dear Summer Trainee,

I congratulate you for your selection in IICB Summer Trainee Program- 2010. IICB is one of the major institutions in the country involved in basic research and applied research both in biological sciences, chemistry & chemical biology. We make lots of efforts to run this program wherein our main intention is to provide you a real time opportunity to spend your time in a research lab. We believe that students who participate in this programme will mature considerably in their scientific outlook. We have about 300 PhD students/ project assistants/post-docs etc. on campus, which make a very lively and energetic environ.

You may go through the following notes carefully.

I look forward to your **formal acceptance mail** for joining the IICB Summer Training -2010 Program , by 25th February (failing which, your seat will be allotted to other deserving candidate). You are also requested to provide the following information at the earliest by post or by mail:

- Tentative date of arrival in Kolkata /IICB
- Please confirm that you would be able to support yourself during your stay in Kolkata for the IICB summer training program.
- Contact details/address of place where you plan to stay in Kolkata (here, it must be noted that as informed in our announcement, students are expected to arrange their own accommodation at Kolkata during the program).

- Complete postal address (College/Institute's address, as well as Permanent home address, with telephone numbers).

I look forward to the above inputs at the earliest; in case you need any other information, you may contact me.

Best wishes.

Sincerely

Dr. Siddhartha Majumdar
